

Painting: 1911 Flying Merkel

Artist: Larry Albert Anderson

Media: Acrylic

Size: W 36" X H 24" X 1.5"

Flying Merkel 1911 Track Racer. The Merkel Motor Corp. production started in 1902/1903 and produced 'The Merkel' and in late 1909 'Merkel Light' was emblazoned on the tank. The company changed ownership in 1911 and the racers bore the name 'Flying Merkel' on their bright orange tanks. Merkel Motorcycles ceased production in 1917, still in their 15-year history, the Merkel and Flying Merkel established an amazing reputation as roadsters and racers, which persists to this day.

Enjoy and Thank You
