

Painting: 1932 Ford Coupe

Artist: Larry Albert Anderson

Media: Acrylic

Size: W 28" X H 20" X 1.5

In 1932 Ford produced 2 body styles - a more common 5 window and the rarer suicide door 3 window coupe. A deuce coupe came from the "2" in 1932. The model 18 coupe came with a V8 engine where the model B coupe came with a 4 cylinder engine.

The 1932- vintage Ford in hot rodding inspired The Beach Boys to write their 1963 hit song "Little Deuce Coupe".

This coupe was also featured as a yellow hot-rod in the 1973 hit film American Graffiti.
